

# Safety Data Sheet

according to the (US) Hazard Communication Standard (29 CFR 1910.1200)

Revision date: 12.04.2018

Version: 6.1

Print date: 12.04.2018

## SECTION 1: Identification

### Product identifier

|                                |                                           |
|--------------------------------|-------------------------------------------|
| Trade name/designation:        | Malachite green oxalate HIGH PURITY GRADE |
| Product No.:                   | 0186                                      |
| Synonyms:                      | no data available                         |
| CAS No.:                       | 2437-29-8 (13425-25-7; 18015-76-4)        |
| Other means of identification: |                                           |

### Relevant identified uses of the substance or mixture and uses advised against

|                       |                                    |
|-----------------------|------------------------------------|
| Recommended Use:      | For Further Manufacturing Use Only |
| Uses advised against: | Not for Human or Animal Drug Use   |

### Details of the supplier of the safety data sheet

#### Supplier

##### **VWR International LLC**

|                  |                                                                                        |
|------------------|----------------------------------------------------------------------------------------|
| Street           | 100 Matsonford Road Radnor Corporate Center,<br>Building One, Suite 200 P. O. Box 6660 |
| Postal code/city | Radnor, PA 19087                                                                       |
| Telephone        | +1-800-932-5000 toll-free within US/Canada<br>+1-610-386-1700                          |
| Telefax:         | +1-610-728-2103                                                                        |

## Manufacturer

### VWR Chemicals, LLC

Street

28600 Fountain Parkway

Postal code/city

Solon, OH 44139

### Emergency telephone

Telephone

+1-800-424-9300 (Chemtrec, 24 hrs/day, 7 days/week, USA)

## SECTION 2: Hazards identification

### 2.1 Classification of the substance or mixture

#### GHS Classification in accordance with 29 CFR 1910.1200 (OSHA HCS)

| Hazard classes and hazard categories | Hazard statements |
|--------------------------------------|-------------------|
| Reproductive toxicity, category 2    | H361d             |
| Acute toxicity, category 4, oral     | H302              |
| Serious eye damage, category 1       | H318              |

### 2.2 Label elements

#### Labelling in accordance with 29 CFR 1910.1200 (OSHA HCS)

#### Hazard pictograms

**Signal word:** Danger

| Hazard statements |                                         |
|-------------------|-----------------------------------------|
| H361d             | Suspected of damaging the unborn child. |
| H302              | Harmful if swallowed.                   |
| H318              | Causes serious eye damage.              |

| Precautionary statements |                                                                                                                                  |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| P201                     | Obtain special instructions before use.                                                                                          |
| P280                     | Wear protective gloves/protective clothing/eye protection/face protection.                                                       |
| P273                     | Avoid release to the environment.                                                                                                |
| P305+P351+P338           | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P308+P310                | IF exposed or concerned: Immediately call a POISON CENTER/doctor.                                                                |

#### Hazards not otherwise classified (HNOC)

none/none

## SECTION 3: Composition / information on ingredients

### 3.1 Substances

|                   |                         |
|-------------------|-------------------------|
| Substance name    | Malachite green oxalate |
| Molecular formula | C52H54N4O12             |
| Molecular weight  | 927.03 g/mol            |
| CAS No.           | 2437-29-8               |

## SECTION 4: First aid measures

### 4.1 General information

IF exposed: Immediately call a POISON CENTER/doctor. If unconscious place in recovery position and seek medical advice. Never give anything by mouth to an unconscious person or a person with cramps. Change contaminated, saturated clothing. Do not leave affected person unattended.

#### After inhalation

Immediately call a POISON CENTER/doctor. Remove casualty to fresh air and keep warm and at rest. If breathing is irregular or stopped, administer artificial respiration.

#### In case of skin contact

After contact with skin, wash immediately with plenty of water and soap. Remove contaminated, saturated clothing immediately. In case of skin reactions, consult a physician.

#### After eye contact

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist. Protect uninjured eye. Remove contact lenses, if present and easy to do. Continue rinsing.

#### In case of ingestion

Immediately call a POISON CENTER/doctor. Do NOT induce vomiting. Rinse mouth thoroughly with water. Give nothing to eat or drink.

### 4.2 Most important symptoms/effects, acute and delayed

no data available

### 4.3 Indication of any immediate medical attention and special treatment needed

no data available

#### 4.4 Self-protection of the first aider

First aider: Pay attention to self-protection!

#### 4.5 Information to physician

no data available

### SECTION 5: Firefighting measures

#### 5.1 Extinguishing media

##### Suitable extinguishing media

The product itself does not burn.

Co-ordinate fire-fighting measures to the fire surroundings.

##### Extinguishing media which must not be used for safety reasons

no restriction

#### 5.2 Specific hazards arising from the chemical

In case of fire may be liberated:

Carbon monoxide

Carbon dioxide (CO<sub>2</sub>)

Nitrogen oxides (NO<sub>x</sub>)

#### 5.3 Advice for firefighters

DO NOT fight fire when fire reaches explosives.

Protective equipment and precautions for firefighters

Wear a self-contained breathing apparatus and chemical protective clothing.

##### Additional information

Do not allow run-off from fire-fighting to enter drains or water courses.

Do not inhale explosion and combustion gases.

Use water spray/stream to protect personnel and to cool endangered containers.

In case of fire: Evacuate area.

### SECTION 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid dust formation.

#### 6.2 Environmental precautions

Do not allow to enter into surface water or drains.

#### 6.3 Methods and material for containment and cleaning up

Spilled product must never be returned to the original container for recycling. Clean contaminated articles and floor according to the environmental legislation. Collect in closed and suitable containers for disposal.

#### 6.4 Additional information

Clear spills immediately.

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Avoid: Inhalation Avoid contact with eyes and skin. Use extractor hood (laboratory). If handled uncovered, arrangements with local exhaust ventilation have to be used. If local exhaust ventilation is not possible or not sufficient, the entire working area must be ventilated by technical means. May cause decomposition by long-term light influence. Strong dehydrating effect (hygroscopic).

### 7.2 Conditions for safe storage, including any incompatibilities

Recommended storage temperature: Ambient temperature  
Keep container tightly closed and in a well-ventilated place.

### 7.3 Specific end use(s)

no data available

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

Does not contain substances above concentration limits fixing an occupational exposure limit.

### 8.2 Engineering controls

#### Appropriate engineering controls

Technical measures and the application of suitable work processes have priority over personal protection equipment. If handled uncovered, arrangements with local exhaust ventilation have to be used.

#### Personal protection equipment (PPE)

Wear suitable protective clothing. When handling with chemical substances, protective clothing must be worn.

#### *Eye/face protection*

Eye glasses with side protection

#### *Skin protection*

Wear suitable gloves. When handling with chemical substances, protective gloves must be worn. In the case of wanting to use the gloves again, clean them before taking off and air them well. Check leak tightness/impermeability prior to use.

#### By short-term hand contact

|                                           |                      |
|-------------------------------------------|----------------------|
| Suitable material:                        | NBR (Nitrile rubber) |
| Thickness of the glove material:          | 0,12 mm              |
| Breakthrough time (maximum wearing time): | -                    |

#### By long-term hand contact

|                                           |                      |
|-------------------------------------------|----------------------|
| Suitable material:                        | NBR (Nitrile rubber) |
| Thickness of the glove material:          | 0,38 mm              |
| Breakthrough time (maximum wearing time): | -                    |

#### *Respiratory protection*

Respiratory protection necessary at: aerosol or mist formation If exposure limits are exceeded or irritation is experienced, NIOSH approved respiratory protection should be worn.

#### *Additional information*

Wash hands before breaks and after work. Avoid contact with skin and eyes. When using do not eat, drink or smoke. Provide eye shower and label its location conspicuously.

*Environmental exposure controls*

no data available

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

|                      |                   |
|----------------------|-------------------|
| (a) Appearance       |                   |
| Physical state:      | solid             |
| Color:               | dark green        |
| (b) Odour:           | no data available |
| (c) Odour threshold: | no data available |

#### Safety relevant basic data

|                                              |                                       |
|----------------------------------------------|---------------------------------------|
| (d) pH:                                      | 2.4 (10 g/l; H <sub>2</sub> O; 24 °C) |
| (e) Melting point/freezing point:            | ~ 159 °C                              |
| (f) Initial boiling point and boiling range: | no data available                     |
| (g) Flash point:                             | no data available                     |
| (h) Evaporation rate:                        | no data available                     |
| (i) Flammability (solid, gas):               | not applicable                        |
| (j) Flammability or explosive limits         |                                       |
| Lower explosion limit:                       | no data available                     |
| Upper explosion limit:                       | no data available                     |
| (k) Vapour pressure:                         | no data available                     |
| (l) Vapour density:                          | no data available                     |
| (m) Relative density:                        | no data available                     |
| (n) Solubility(ies)                          |                                       |
| Water solubility (g/L):                      | 110 g/l (24 °C)                       |
| Soluble (g/L) in Ethanol:                    | no data available                     |
| (o) Partition coefficient: n-octanol/water:  | no data available                     |
| (p) Auto-ignition temperature:               | no data available                     |
| (q) Decomposition temperature:               | no data available                     |
| (r) Viscosity                                |                                       |
| Kinematic viscosity:                         | no data available                     |
| Dynamic viscosity:                           | no data available                     |
| (s) Explosive properties:                    | not applicable                        |
| (t) Oxidising properties:                    | not applicable                        |

### 9.2 Other information

|                        |                   |
|------------------------|-------------------|
| Bulk density:          | no data available |
| Refraction index:      | no data available |
| Dissociation constant: | no data available |
| Surface tension:       | no data available |
| Henry constant:        | no data available |

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

no data available

### 10.2 Chemical stability

The product is chemically stable under standard ambient conditions (room temperature) .

### 10.3 Possibility of hazardous reactions

no data available

### 10.4 Conditions to avoid

no data available

### 10.5 Incompatible materials

no data available

### 10.6 Hazardous decomposition products

no data available

### 10.7 Additional information

no data available

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

#### Acute effects

*Acute oral toxicity:*

LD50: > 275 mg/kg - Rat - (RTECS)

*Acute dermal toxicity:*

no data available

*Acute inhalation toxicity:*

no data available

#### Irritant and corrosive effects

*Primary irritation to the skin:*

not applicable

*Irritation to eyes:*

Causes serious eye damage.

*Irritation to respiratory tract:*

not applicable

**Respiratory or skin sensitization**

In case of skin contact: not sensitising

After inhalation: not sensitising

**STOT-single exposure**

not applicable

**STOT-repeated exposure**

not applicable

**CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)**

**Carcinogenicity**

The table below indicates whether each agency has listed any ingredient as a carcinogen.

| no data available | ACGIH | IARC | NTP | OSHA |
|-------------------|-------|------|-----|------|
|                   |       |      |     |      |

**Germ cell mutagenicity**

No indications of human germ cell mutagenicity exist.

**Reproductive toxicity**

Suspected of damaging the unborn child.

**Aspiration hazard**

not applicable

**Other adverse effects**

no data available

**Additional information**

no data available

## SECTION 12: Ecological information

### 12.1 Ecotoxicity

**Fish toxicity:**

no data available

**Daphnia toxicity:**

no data available

**Algae toxicity:**

no data available

**Bacteria toxicity:**

no data available

### 12.2 Persistence and degradability

no data available

### 12.3 Bioaccumulative potential

Partition coefficient: n-octanol/water: no data available

### 12.4 Mobility in soil:

no data available

### 12.5 Results of PBT/vPvB assessment

no data available

### 12.6 Other adverse effects

no data available

## SECTION 13: Disposal considerations

### 13.1 Waste treatment methods

#### Appropriate disposal / Product

Dispose according to legislation. Consult the appropriate local waste disposal expert about waste disposal. The waste is to be kept separate from other types of waste until its disposal.

Waste code product: no data available

#### Appropriate disposal / Package

Dispose according to legislation. Handle contaminated packages in the same way as the substance itself.

#### Additional information

no data available

## SECTION 14: Transport information

### Land transport (DOT)

|                               |                                                        |
|-------------------------------|--------------------------------------------------------|
| UN-No.:                       | 2811                                                   |
| Proper Shipping Name:         | TOXIC SOLID, ORGANIC, N.O.S. (MALACHITE GREEN OXALATE) |
| Class(es):                    | 6.1                                                    |
| Classification code:          | T2                                                     |
| Hazard label(s):              | 6.1                                                    |
| Packing group:                | III                                                    |
| Environmental hazards:        | No                                                     |
| Marine pollutant:             | no data available                                      |
| Special precautions for user: |                                                        |

### Sea transport (IMDG)

|                       |                                                        |
|-----------------------|--------------------------------------------------------|
| UN-No.:               | 2811                                                   |
| Proper Shipping Name: | TOXIC SOLID, ORGANIC, N.O.S. (MALACHITE GREEN OXALATE) |
| Class(es):            | 6.1                                                    |
| Classification code:  |                                                        |
| Hazard label(s):      | 6.1                                                    |
| Packing group:        | III                                                    |

|                                                                          |         |
|--------------------------------------------------------------------------|---------|
| Environmental hazards:                                                   | No      |
| MARINE POLLUTANT:                                                        | No      |
| Special precautions for user:                                            |         |
| Segregation group:                                                       | -       |
| EmS-No.                                                                  | F-A S-A |
| Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code |         |
| not relevant                                                             |         |

### Air transport (ICAO-TI / IATA-DGR)

|                               |                                                        |
|-------------------------------|--------------------------------------------------------|
| UN-No.:                       | 2811                                                   |
| Proper Shipping Name:         | TOXIC SOLID, ORGANIC, N.O.S. (MALACHITE GREEN OXALATE) |
| Class(es):                    | 6.1                                                    |
| Classification code:          |                                                        |
| Hazard label(s):              | 6.1                                                    |
| Packing group:                | III                                                    |
| Special precautions for user: |                                                        |

## SECTION 15: Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### SARA 313 Components

Not listed.

#### Massachusetts Right To Know Components

Not listed.

#### Pennsylvania Right To Know Components

Not listed.

#### New Jersey Right To Know Components

Not listed.

#### California Prop. 65 Components

Not listed.
